

Sexual Health Saturdays

Coming soon to a Genito Urinary Medicine Centre near you!

If you have been out on a Friday night and had unprotected sex, don't worry! The GUM clinic at Walsall Manor Hospital from 3 January 2009 will be opening up for Saturday morning walk-in sessions.

Anyone wishing to have STI tests or treatment, family planning advice, pregnancy testing or are in need of the morning after pill can walk into the Pleck Road Centre on Saturday mornings between 9.30am and 12noon.

As well as being open Monday to Friday between 9am and 4.30pm, patients can also attend one of the evening clinics held on Mondays, Tuesdays and Thursdays.

The Saturday scheme will run for three months as a pilot, for more information or for appointments, please contact the GUM Centre at Walsall Manor on:

01922 633341/656285
